91608103 FLAME RETARDANT BRACES FOR TOOL HOLDER BELT LOOPS

Non-metal, anti-static and flame retardant extra wide braces to reduce and help spread strain on the shoulders. PFAS-free.

Fabric over the shoulders, combined with elastic in front and back. Adjustable length. Fits with garments that have tool holder belt loops in waist. The braces can also be used on other trousers. Please contact Tranemo for guidance on adding tool holder belt loop 9050 on requested article.
